

3x1 HDMI Micro Switch - 4K (60Hz 4:4:4) & HDR

The PT-SW-HD3 is a low cost future proof home cinema 3x1 switch. It boasts a cutting edge 4K 60Hz 4:4:4 chipset with HDR support and smart EDID management. It can run without power supply directly from your HDMI cables 5v line and is no bigger than a credit card! These features combine to make it ideal for unobtrusive installation into any home cinema project.

3 PORT HDMI 2.0a SWITCHER

The PT-SW-HD3's three HDMI 2.0a inputs and single HDMI 2.0a output make this product ideal for any home cinema. Simply controlled by its front panel button.

SMART EDID MANAGEMENT

The PT-SW-HD3 is designed for flawless operation. Features such as Hot Plugging and EDID management will guarantee uninterrupted video reproduction.

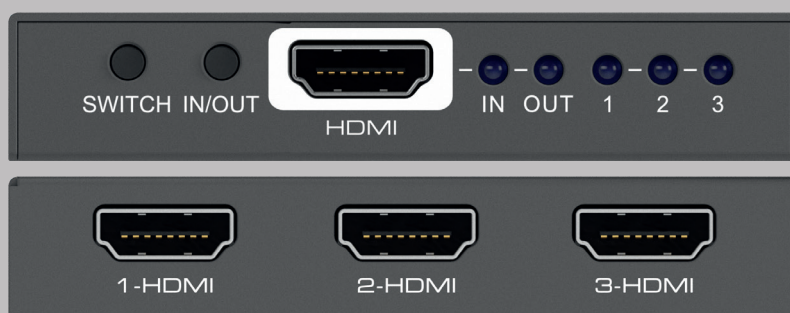

FULL 18GBPS AND HDR

Compatible with the new Ultra High Definition sources and displays, displaying signals at resolutions up to 4K @60 4:4:4 (18Gbps) and shows crystal clear HDR media to its best ability.

ULTRA SLIM DESIGN

All of this technology is packed into an ultra slim enclosure, for installation into furniture or snugly behind the TV. No power supply required.
