How it works ?

Wall charger

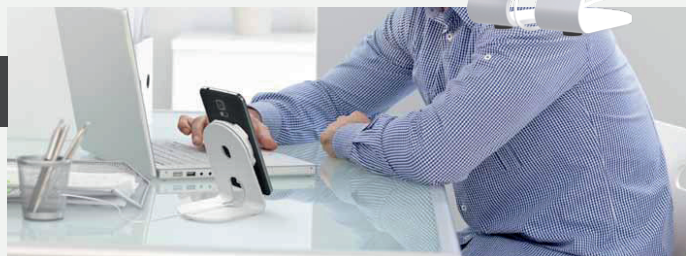

Charge everywhere !

Thanks to its adhesive surface, you'll be able to stick the charger wherever you want.

Wireless charging Stand

Your office companion

It has been designed to be the best wireless charging station to place next to your computer.

Car wireless charger

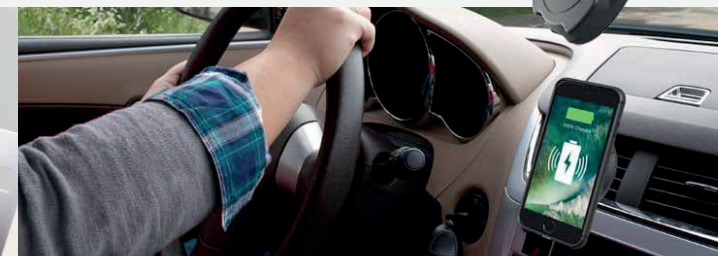

The most convenient car charger !

Adaptable both for windshield and dashboard, you can keep an eye on your GPS while charging your phone.

Car air vent charger

The best seller of our car charger !

Small and discrete, the charger is adaptable to your car air vent... Perfect if you don't want it on your windshield.

Wireless chargers are compatibles with Qi enabled mobiles (iPhone 8, 8 Plus, X, Samsung Galaxy s6, S7, S8, etc)
