1. Assembling the Base

- Insert the casters into the holes of legs and hand thread to secure.
 - Attach the casters with brake to the long legs.
 - Attach the casters without brake to the short legs.
- NOTE:** Lock the brakes on the casters to avoid sudden movements during installation.

2. Attaching the Column to the Base

Attach the column to the base using three screws and tighten all screws to secure them.

3. For the model PDS-1504 installation (Assembly based on the accessories selected by user)

Installing the Host Machine Rack

Insert the host machine rack to the desired position along the column slots, Tighten all screws with an Allen key to secure.

- Loosen the knobs to pull one side of the rack to make it keep the maximum space.
- Put the host machine in the rack and push gently one side of the rack to keep it close to the host machine then tighten the knobs to secure. For security, please buckle up the belt.

4. For the model PDS-1502 installation (Assembly based on the accessories selected by user)

Installing the Iron Shelf

Insert the shelf support to the desired position along the front slots of the column. Tighten the two screws to secure it.

Attach the iron shelf to the shelf support using three screws, tighten them with a proper screwdriver.

Installing the Laptop Box.

6. Installing the Universal Plates

- ▶▶▶▶ 8

7. For the model PDS-1501 installation (Assembly based on the accessories selected by user)

Installing the Camera Shelf.

Insert the top cover into the both support rods.

Remove the two caps from the camera shelf, Attach the camera shelf to the support rods using four screws and tighten all screws to secure it and then reattach the caps to the camera shelf.

Loosen the screws (but don't remove) on the bottom of support rods.

- Insert the support rods to the desired position (Determine the position for support mount keeping in mind display size .) along the column slots and tighten both screws to secure the support mount.
- Use three screws to fasten the top cover.

8. Installing the Top Cover

Use three screws to fasten the top cover.

9. Installing the Adapter Brackets

9-1 For Flat Back Screens

9-2 For Recessed Back Screens or to Access A/V Inputs

Note: Choose the appropriate screws, washers and spacers (if necessary) according to the type of screen.

- Position the adapter brackets as close as possible to the center of the display.
- Screw the adapter brackets onto the display.

⚠ Tighten all screws but do not over tighten.

10. Hanging the Displays onto the Universal Plates

Tighten the bottom bolts to secure the brackets to the universal plates.

11. Cable Management

Use the cable clips for routing cables.

Maintenance

- Check that the bracket is secure and safe to use at regular intervals (at least every three months).
- Please contact your distributor if you have any questions.
