

FLEXIBLE

CLASSROOM

The EDU Flexible Bundle

For low-profile, cost-effective installations that require ultra-compatibility, the Flexible Bundle stands out as best in class. With the 1020 series at its core, it supports any combination of USB-C and HDMI on either the screen or laptop side. Simply mix and match the TX and RX components to meet the client's needs.

Mix & Match HDBaseT 3.0 Extender Family

Mix & Match

Making innovative use of the latest HDBaseT 3.0 standard, the 1020 series delivers flexibility and full-feature functionality rarely seen in extenders within its category.

While other extenders provide fixed-pair solutions, the 1020 series functions as modular building blocks, adapting perfectly to installation requirements. Whether it's an end-to-end HDMI solution, an end-to-end USB-C solution, or a mix of both, the 1020 series meets the need with ease.

HDBaseT 3.0 KVM

Full-Feature HDBaseT 3.0 technology over 80m with 4K and 1080p.

End-to-End USB-C

The unique USB-C data, video and PD extender solution on the market.

UPGRADE OPTIONS

The modular 1020 series enables USB-C and HDMI configurations that can be combined with each other.
