The Huddle Flex Kit

Need a spontaneous meeting and the conference room is blocked? No problem! With our Huddle Flex Kit you can turn any space into a mobile meeting room. Designed for the 65" Flip, it includes a TV stand/trolley, a video bar with integrated switcher, and a wireless sharing dongle. Connect effortlessly with an extra long USB-C cable ensuring seamless collaboration with charging for longer meetings. Perfect for educational settings, effortlessly roll the cart into classrooms, allowing remote learners to join in.

All-in-One Videobar and BYOD Switcher

VL-VB300

The VL-VB300 is the ultimate meeting room hub; a super smart video bar with an integrated BYOD switcher.

Combined with a touch screen and moveable TV stand, you can have a fully mobile collaborative meeting experience anywhere you can find a socket.

Mobile Meeting

With the CART-80W + VB-MNT100, your meetings can go mobile but your equipment is safely installed.

Wireless Dongle

The DGL100 is ideal for a mobile meeting as it requires no wires. Simply click-to-connect.

UPGRADE OPTIONS

Add a second DGL100 and use split screen mode to share two sources at once.
